

# Writing The Alphabet

## Fine Motor Skills

**Multi-Skill Learning:** While completing this work packet, students will practice handwriting skills while gaining exposure to phonemic awareness and beginning sound concepts. Also use the objects on each page to increase vocabulary and language acquisition skills.

**Objective/Goal:** The student will trace all 26 upper and lowercase letters with no physical prompting.

**Suggested Mastery Criteria:** Trace/Write each letter with accurate placement and spacing. Across individuals and settings on 3 consecutive trials or with 80% accuracy over 10 trials.

### Common Core Standard:

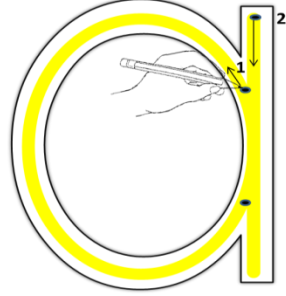

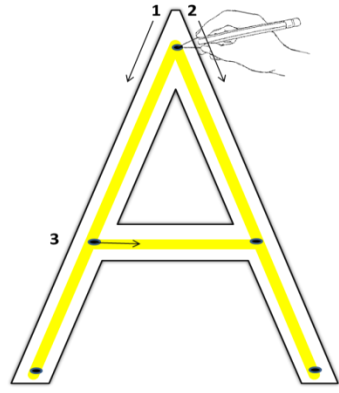

[CCSS.ELA-LITERACY.RF.K.1](#): Demonstrate understanding of the organization and basic features of print

[CCSS.ELA-LITERACY.RF.K.1.D](#): Recognize and name all upper- and lowercase letters of the alphabet.

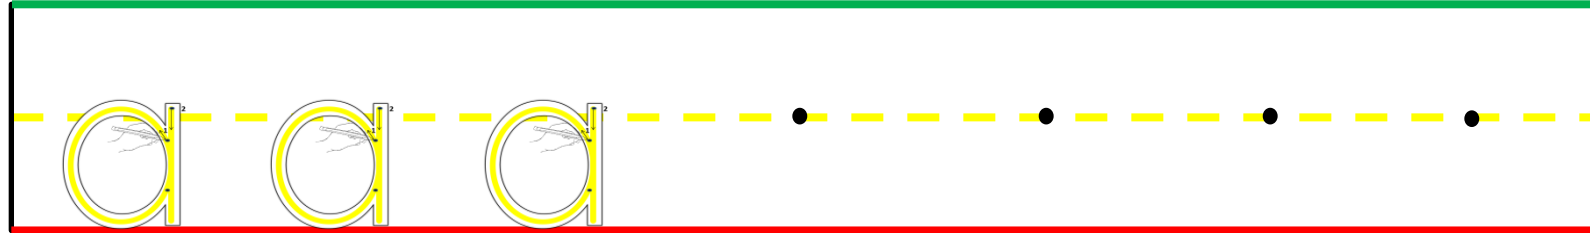

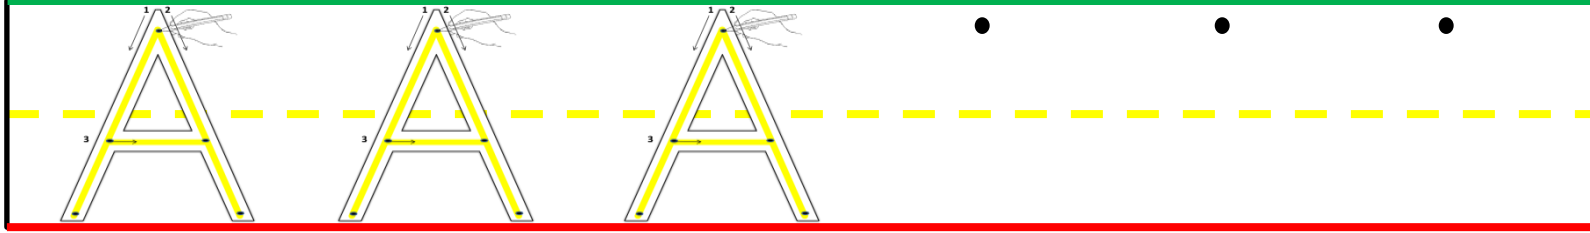

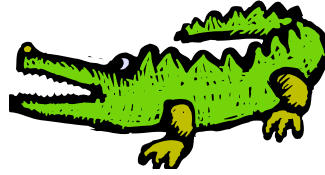

**Special Instructions:** Use the datasheets at the end of this packet to record the Date Introduced (DI) and Date Mastered (DM) for each target. Also, record trial by trial student responses for each target. Mark a ✓ in the box if the student correctly and independently responds to the question. Mark ✗ if he/she does not. Three consecutive ✓'s indicates that the student has mastered the target.
